If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).
- (3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.
- (4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is two dollars (\$2) greater or less than the amount of the initial retirement payment. If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars (\$100) greater or less than the amount of the initial retirement payment.

Finding strength in the Prince of Peace, and in each other, the couple soon established the Wade Edwards Foundation and helped build a free computer lab, the Wade Edwards Learning Lab for high school students in Raleigh, and a similar lab in Goldsboro, in hopes that their son's memory would not fade. HR 238, A RESOLUTION adjourning the House of Representatives in honor of Abraham Bentar and other Indonesian believers who are being persecuted or imprisoned for their faith.

WHEREAS, the Apostle Paul enjoined believers in Hebrews 13:3 to show special love and compassion for those who are persecuted and imprisoned for their faith. "Remember those in bonds as bound with them; and them which suffer adversity, as being yourselves also in the body"; and

WHEREAS, the House of Representatives commends Voice of the Martyrs, one of the oldest international human rights organizations in America bringing comfort and assistance to families of Christian believers persecuted and imprisoned for their faith; and

WHEREAS, Abraham Bentar, a 55-year-old clothes trader from West Java, an island of Indonesia, is currently imprisoned in a cell in Tasikmalaya, Indonesia. Falsely accused of blasphemy against the Prophet Mohammed, he is currently serving a four and a half year sentence. His only crime was to share his faith in Jesus with customers, family, and friends; and

WHEREAS, as a Muslim, Abraham had studied the Koran since childhood. In 1998, at the age of 48, he had a stroke related to hypertension and diabetes. After a pastor prayed for his healing, Abraham had a dream of a man in a white robe. He thought the man's face was the same face he had seen on a painting of Jesus at a neighbor's house. He bargained with the man in

the vision, saying he would accept Jesus as Lord and Savior if he were healed from the stroke. He was healed, and the same pastor arranged for a church near Abraham to disciple him. Abraham attended a school for Bible study, was eventually baptized in 2003, and evangelized Muslims as he sold clothing in villages in West and Central Java. He shared how Jesus had appeared to him in a dream and had subsequently helped him; and

WHEREAS, his brother-in-law filed charges against him saying that Abraham had tried to force Christianity on him and had blasphemed the Prophet Mohammed. On March 7, 2006, Abraham was visiting relatives in West Java when he was attacked by a group of Muslims who beat him severely. They rolled his van over and helped themselves to its contents, including the new clothing merchandise. As the melee continued, they were joined by other Muslims and began shouting, "Burn him!" They set fire to the van before police arrived just in time to rescue him. His hands were tied as he was dragged naked for four miles while being beaten and spit upon by hundreds of radical Muslims. Television reporters filmed the whole incident. Neither the regent nor the police chief found him guilty of any crime. Abraham was detained in the Tasikmalaya police station, where he was formally charged with blasphemy. During his trial and sentencing in May, 2006, Abraham's own brothers were among the witnesses for the prosecution; and

WHEREAS, Abraham requested three Bibles for his six cellmates, with whom he is sharing the gospel. The Voice of Martyrs visited his wife, Kristiyowati, in June, 2006. She cried, saying no one had come to encourage her family; but God sent people she didn't know (Voice of Martyrs staff) to encourage her and their 14-year-old daughter, Rinda. Voice of Martyrs readers have since sent Abraham more than 1,300 letters through www.PrisonerAlert.com. Voice of Martyrs is assisting Abraham, who still suffers psychologically from his traumatic torture experience. Adding to his suffering, he received bad hot water burns on the soles of his feet while in prison. Since Abraham is diabetic, the burns put him at risk of amputation of his feet;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives does hereby applaud Abraham Bentar and other Indonesian believers who are being persecuted and imprisoned for their faith.

- (5) A local board of education may adopt reasonable policies that:
 - (a) Require students to comply with compulsory attendance laws;

Section 3. KRS 45A.352 is amended to read as follows:

- (1) A local public agency may enter into a guaranteed energy savings contract for innovative solutions for energy conservation measures. The local public agency shall submit a request for proposals. The request for proposals for competitive procurement of guaranteed energy savings contracts shall include the following:
 - (a) The name and address of the governmental unit;
 - (b) The name, address, title, and phone number of a contact person;
 - (c) Notice indicating that the local public agency is requesting qualified providers to propose energy conservation

measures through a guaranteed energy savings contract;

(d) The following evaluation criteria for assessing the proposals:

1. Construction management capabilities;
2. Technical approach to facilities included;
3. Financial attributes, as defined by total cost of contract and guaranteed savings and provider's financial strength demonstrating ability to fulfill the guarantee term; and
4. Provider's capability, personnel, track record, and demonstrated ability to accomplish the contract;

(e) The date, time, and place where proposals must be received;

(f) Any other stipulations and clarifications the local public agency may require; and

(g) An overview prepared by the local public agency stating goals or objectives specific to facility needs to be considered by the qualified providers who are responding to the request. Detailed scope of construction is not required.

(2) Respondents to the request for proposal shall provide the following:

(a) A detailed list of the proposed energy conservation measures and the guaranteed savings which shall be supported with calculations. Any guaranteed energy and operational savings shall be determined by using one of the measurement and verification methodologies listed in the United States Department of Energy's "Measurement and Verification Guideline for Federal Energy Projects" or in the "North American Energy Measurement and Verification Protocol." If due to existing data limitations or the nonconformance of specific project characteristics, none of the methods listed in either the United States Department of Energy's "Measurement and Verification Guideline for Federal Energy Projects" or in the "North American Energy Measurement and Verification Protocol" is sufficient for measuring guaranteed savings, the qualified provider shall develop an alternate method that is compatible with one (1) of the two (2);

(b) The estimated cost of the proposed energy conservation measures including engineering, construction, commissioning, measurement and verification, annual reconciliation statements, and required on-going services; and

(c) Proposed method and costs of financing.

(3) The value for total cost of the contract minus the calculated savings from the energy conservation measures listed in the qualified provider's proposal, shall be within fifteen percent (15%) of the value for the total cost of the contract minus the calculated savings after the final contract has been negotiated. If the difference between the proposed and the final contract is not within fifteen percent (15%) and the local public agency and the qualified provider are unable to renegotiate the final contract to reconcile the difference between the proposed and final contract values, then the local public agency may:

(a) Stop negotiations with the current qualified provider; and

(b) Select an alternate provider.

(4) The local public agency may, as a component of the request for proposal, solicit and negotiate additional maintenance services for the affected proposed energy conservation measures. Additional services shall be subject to budget appropriations on an annual basis and may be discontinued at any time over the guarantee period with no negative impact to the guaranteed savings contract.

(5) The local public agency shall utilize the request for proposal process to enter into a guaranteed energy savings contract. The local public agency may, at its discretion, utilize a request for qualifications, provided that the local public agency solicits qualification statements from multiple potentially qualified providers. The local public agency shall use the qualification statements to select no fewer than two (2) providers and each provider shall then be subject to the request-for-proposal requirement provided in subsections (1) to (4) of this section.

(6) The local public agency shall select the provider best qualified to meet its needs. The local public agency shall provide public notice of the meeting at which it proposes to award a guaranteed energy savings contract, the name of the parties to the proposed contract, and the purpose of the contract. The public notice shall be made at least ten (10) days prior to the meeting. "Section 3. KRS 189A.010 is amended to read as follows:

- (1) A person shall not operate or be in physical control of a motor vehicle anywhere in this state:
 - (a) Having an alcohol concentration of 0.08 or more as measured by a scientifically reliable test or tests of a sample of the person's breath or blood taken within two (2) hours of cessation of operation or physical control of a motor vehicle;
 - (b) While under the influence of alcohol;
 - (c) While under the influence of any other substance or combination of substances which impairs one's driving ability;
 - (d) While the presence of a controlled substance is detected in the blood, as measured by a scientifically reliable test, or tests, taken within two (2) hours of cessation of operation or control of a motor vehicle;
 - (e) While under the combined influence of alcohol and any other substance which impairs one's driving ability; or
 - ~~(f)~~ Having an alcohol concentration of 0.02 or more as measured by a scientifically reliable test or tests of a sample of the person's breath or blood taken within two (2) hours of cessation of operation or physical control of a motor vehicle, if the person is under the age of twenty-one (21).
- (2) With the exception of the results of the tests administered pursuant to KRS 189A.103(7), if the sample of the person's blood or breath that is used to determine the alcohol concentration thereof was obtained more than two (2) hours after cessation of operation or physical control of a motor vehicle, the results of the test or tests shall be inadmissible as evidence in a prosecution under subsection (1)(a) or ~~(f)~~ of this section. The results of the test or tests, however, may be admissible in a prosecution under subsection (1)(b) or ~~(e)~~ of this section.
- (3) In any prosecution for a violation of subsection (1)(b) or ~~(e)~~ of this section in which the defendant is charged with having operated or been in physical control of a motor vehicle while under the influence of alcohol, the alcohol concentration in the defendant's blood as determined at the time of making analysis of his blood or breath shall give rise to the following presumptions:
 - (a) If there was an alcohol concentration of less than 0.05 based upon the definition of alcohol concentration in KRS 189A.005, it shall be presumed that the defendant was not under the influence of alcohol; and
 - (b) If there was an alcohol concentration of 0.05 or greater but less than 0.08 based upon the definition of alcohol concentration in KRS 189A.005, that fact shall not constitute a presumption that the defendant either was or was not under the influence of alcohol, but that fact may be considered, together with other competent evidence, in determining the guilt or innocence of the defendant.

The provisions of this subsection shall not be construed as limiting the introduction of any other competent evidence bearing upon the questions of whether the defendant was under the influence of alcohol or other substances, in any prosecution for a violation of subsection (1)(b) or ~~(e)~~ of this section.
- (4) The fact that any person charged with violation of subsection (1) of this section is legally entitled to use any substance, including alcohol, shall not constitute a defense against any charge of violation of subsection (1) of this section, provided, however, it shall be a defense to subsection (1)(d) of this section if the accused consumed the controlled substance under a valid prescription from a practitioner, as defined in KRS 218A.010, acting in the course of his or her professional practice, and complied with the dosage restrictions.
- (5) Any person who violates the provisions of paragraph (a), (b), (c), ~~(d)~~, or (e) of subsection (1) of this section shall:

If any of the aggravating circumstances listed in subsection (11) of this section are present while the person was operating or in physical control of a motor vehicle, the mandatory minimum term of imprisonment shall be four (4) days, which term shall not be suspended, probated, conditionally discharged, or subject to any other form of early release.

The second or subsequent offender shall not be permitted to operate a vehicle for which the license plate has been suspended or for which a hardship exception has been granted under any circumstances.

- (4) After one (1) year of the period of revocation provided for in subsection (2)(b) or (c) of this section has elapsed, a person whose license has been revoked pursuant to either of those subsections may move the court to have an ignition interlock device installed for the remaining portion of the period of revocation. Section 9. KRS 189A.105 is amended to read as follows:

- (1) A person's refusal to submit to tests under KRS 189A.103 shall result in revocation of his driving privilege as provided in this chapter.
 - (2) (a) At the time a breath, blood, or urine test is requested, the person shall be informed:
 1. That, if the person refuses to submit to such tests, the fact of this refusal may be used against him in court as evidence of violating KRS 189A.010 and will result in revocation of his driver's license, and if the person refuses to submit to the tests and is subsequently convicted of violating KRS 189A.010(1) then he will be subject to a mandatory minimum jail sentence which is twice as long as the mandatory minimum jail sentence imposed if he submits to the tests, and that if the person refuses to submit to the tests he will be unable to obtain a hardship license; and
 2. That, if a test is taken, the results of the test may be used against him in court as evidence of violating KRS 189A.010(1), and that if the results of the test are 0.15~~[0.18]~~ or above and the person is subsequently convicted of violating KRS 189A.010(1), then he will be subject to a sentence that is twice as long as the mandatory minimum jail sentence imposed if the results are less than 0.15~~[0.18]~~; and
 3. That if the person first submits to the requested alcohol and substance tests, the person has the right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested.
 - (b) Nothing in this subsection shall be construed to prohibit a judge of a court of competent jurisdiction from issuing a search warrant or other court order requiring a blood or urine test, or a combination thereof, of a defendant charged with a violation of KRS 189A.010, or other statutory violation arising from the incident, when a person is killed or suffers physical injury, as defined in KRS 500.080, as a result of the incident in which the defendant has been charged. However, if the incident involves a motor vehicle accident in which there was a fatality, the investigating peace officer shall seek such a search warrant for blood, breath, or urine testing unless the testing has already been done by consent. If testing done pursuant to a warrant reveals the presence of alcohol or any other substance that impaired the driving ability of a person who is charged with and convicted of an offense arising from the accident, the sentencing court shall require, in addition to any other sentencing provision, that the defendant make restitution to the state for the cost of the testing.
- (3)~~[~~ During the period immediately preceding the administration of any test, the person shall be afforded an opportunity of at least ten (10) minutes but not more than fifteen (15) minutes to attempt to contact and communicate with an attorney and shall be informed of this right. Inability to communicate with an attorney during this period shall not be deemed to relieve the person of his obligation to submit to the tests and the penalties specified by KRS 189A.010 and 189A.107 shall remain applicable to the person upon refusal. Nothing in this section shall be deemed to create a right to have an attorney present during the administration of the tests, but the person's attorney may be present if the attorney can physically appear at the location where the test is to be administered within the time period established in this section.
- (4)~~]~~ Immediately following the administration of the final test requested by the officer, the person shall again be informed of his right to have a test or tests of his blood performed by a person of his choosing described in KRS 189A.103 within a reasonable time of his arrest at the expense of the person arrested. A contractor or subcontractor otherwise subject to the provisions of KRS 45.570 is exempt as to any affirmative action or reporting requirements if:

- (1) The contract or subcontract awarded is in the amount of five hundred thousand dollars (\$500,000)~~[\$250,000]~~ or less, and the amount of the contract is not a subterfuge to avoid compliance with the provisions of KRS 45.560 to 45.640;

- (3) The contractor or subcontractor employs only family members or relatives;

Section 174. KRS 45.600 is amended to read as follows:

- (2) Within ten (10) days after the receipt of the reports~~this report~~, the cabinet shall determine whether the bidding party's work force is reflective of the percentage of available minorities and women in the area from which the bidding party's employees are drawn. If a determination is made that the bidding party's work force is reflective of the percentage of available minorities and women in this drawn area, the bidding party shall be "certified" and be thereby qualified to bid on any contract covered by KRS 45.560 to 45.640 without filing additional data for a period of one (1) year~~six (6) months~~.
- (3) If it is determined by the cabinet that the bidding party's work force reflects an underutilization of minorities or women, the bidding party and contracting agency shall be so notified, and no certification shall be issued. - (5) If the cabinet determines that the submitted affirmative action program does not fulfill the provisions of KRS 45.560 to 45.640, the bidding party and contracting agency shall be so notified, and no certification shall be granted.
- (6) If the bidding party's work force is not reflective of the percentage of minorities or women in the drawing area and the bidding party has complied with all other affirmative action requirements in KRS 45.560 to 45.640, the bidding party may certify by verified affidavit that the bidding party has made every reasonable effort to comply with said percentage requirements, and the bidding party shall thereafter be entitled to all the benefits of KRS 45.560 to 45.640.

Section 175. KRS 45.610 is amended to read as follows:

- (1) For the length of the contract, each contractor shall hire minorities and women from other sources within the drawing area, should the union with which he has collective bargaining agreements be unwilling to supply sufficient minorities or women to satisfy the agreed upon goals and timetables.

Section 176. KRS 45.620 is amended to read as follows:

- (1) The Finance and Administration Cabinet may investigate the employment practices of any contractor or subcontractor to determine if any of the provisions of KRS 45.560 to 45.640 have been violated. - (2) If the contractor is found to have committed an unlawful practice under KRS 45.560 to 45.640, the contracting agency may cancel or terminate the contract, conditioned upon a program for future compliance approved by the contracting agency and the cabinet. The contracting agency may declare such a contractor ineligible to bid on further contracts with that agency until such time as the contractor complies in full with the requirements of KRS 45.560 to 45.640.
- (3) The equal employment provisions of KRS 45.560 to 45.640 may be met in part by a contractor by subcontracting to a minority or woman contractor or subcontractor.
